REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The general concept of a controller for shifting notes of a melody data inputted by the input unit when a frequency of the inputted melody data is not in a predetermined range or a controller which changes the frequency spectrum of a melody data inputted by the input unit to a range between a first frequency and a second frequency when a frequency of the inputted melody data is not in the predetermined range and a memory which stores the melody data inputted by the input unit when a frequency of the inputted melody data is in the predetermined range, and stores melody data shifted by the controller when the frequency of the inputted melody data is not in the predetermined range is well known in the art, as evidenced by the references cited. However, the examiner has not found prior art that teaches or suggests alone or in combination a controller which shifts the plurality of notes of the melody data inputted by the input unit by half-steps when a frequency of the inputted melody data is not in a predetermined range, the controller shifting the notes by half steps until the melody data is entirely within the predetermined range or a controller which changes the frequency spectrum of a melody data inputted by the input unit to a range between a first frequency and a second frequency when a frequency of the inputted melody data is not in the predetermined range, wherein the controller changes the two or more notes by half-steps until the melody data is entirely in the predetermined range and a memory which stores the melody data inputted by the input unit when a frequency of the inputted melody data is in the predetermined range,

and stores melody data shifted by the controller when the frequency of the inputted melody data is not in the predetermined range.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
